### Vendor Showcase Schedule

	BST	EDT	PT	Vendor	Title	Description	Host Room
Monday, Sep 21	19:15 - 20:00	2:15 - 3 PM	11:15 AM - Noon	Thermo Fisher Scientific	<b>Innovation &amp; Investment by the Pharma Services Group sponsored by Thermo Fisher Scientific</b>	An opportunity to learn more about the Pharma Services Group at Thermo Fisher Scientific with particular insight into innovation and investment in infrastructure, digital enablement, packaging solutions, temperature monitoring and our new state-of-the-art facility in Rheinfelden, Germany.	Brizzey
Monday, Sep 21	19:15 - 20:00	2:15 - 3 PM	11:15 AM - Noon	N-Side	<b>Risk-based optimization with real-time monitoring sponsored by N-Side</b>	Join us for an exclusive demon on how to optimize your end-to-end clinical supply chain. Learn how risk-based optimization reduces waste and costs in the end-to-end supply chain while ensuring 100% patient service levels. Monitor and communicate your supply decisions easily with interactive dashboards. Discover our suite of integrated applications to answer to your clinical supply chain planning and forecasting needs!	PCI
Tuesday, Sep 22	14:00 - 14:45	9-9:45 AM	6-6:45 AM	YPrime	<b>Defining the Role of End to End IRT in Clinical Supply Management sponsored by YPrime</b>	YPrime's IRT can help optimize your clinical supply strategy for all study types and virtually all levels of complexity. End-to-end drug accountability is part of our core functionality, regardless of whether the scope of work involves a small Phase I study or a complex global trial. Full self-service functionality means that you control resupply strategies, material release, depot management and more – without waiting on helpdesk or project management staff. Join us for an interactive discussion about YPrime's IRT.	Suvoda
Tuesday, Sep 22	14:00 - 14:45	9-9:45 AM	6-6:45 AM	Cryoport	<b>Standardizing the Regenerative Medicine Supply Chain in a Dynamic World sponsored by Cryoport</b>	Wondering what new standards should be met for now and the future? Interested in innovative solutions that meet your company's needs? Our Cryoport experts will share their thoughts and potential solutions that can support your unique supply chain strategy.	BionicalEMAS
Wednesday, Sep 23	17:00 - 17:45	12- 12:45 PM	9:00 -9:45 AM	4G	<b>Vendor Showcase - Dynamic Clinical Supply Optimization Software Powered by Natural Language Processing sponsored by 4G</b>	A newly launched, award-winning supply forecasting optimization software will be showcased. Attendees will see firsthand how natural language processing (NLP) can be utilized to turn study parameters into detailed forecasts, as well as how easy the tool is to modify, perform scenario modeling and make informed decisions from powerful visualizations.	Brizzey
Thursday, Sep 24	14:00 - 14:45	9- 9:45 AM	6 - 6:45 AM	Endpoint	<b>Evolving Technology in Clinical Trials</b>	What You'll learn about: <ul style="list-style-type: none"> <li>• How the evolution of trial design has helped to evolve technology</li> <li>• How the total eco-system will continue to evolve</li> <li>• Where endpoint is helping to change IRT</li> </ul>	ISS
Thursday, Sep 24	16:50-17:50	11:50 - 12:50	8:50-9:50	Myoderm	<b>Come Meet the New Myoderm</b>	Come visit old friends & colleagues and learn about our exciting announcement!	PCI
Thursday, Sep 24	16:50-17:50	11:50 - 12:50	8:50-9:50	Trialcard	<b>Deploying a Virtual Clinical Inventory sponsored by TrialCard</b>	TrialCard will demonstrate how a VIRTUAL supply inventory reduces steps, requires less employee time, eliminates supply waste, minimizes risks, and has significant time and cost savings. New case studies will be presented and giveaways provided during our VIRTUAL presentation.	ISS
