

## Boot Camp Schedule

### Essentials of Cell & Gene Therapy Supply Chains

	Greenwich Mean Time	Eastern Time	Pacific Time	Title	Description	Communique Room	Instructors
Tuesday, Apr 13	17:00 - 19:10 GMT	12:00 PM - 2:10PM ET	9:00 AM - 11:10 AM PT	Introduction Science & Manufacturing Labeling & Regulatory	Cell & Gene therapies are increasing at an impressive rate. It is important to understand the manufacturing processes and supply chain requirements of these life-saving therapies. This boot camp will describe and contrast the different manufacturing and supply chain requirements of autologous and allogeneic cell and gene therapies. Supply Chain consideration such as temperature, scalability and regulations for transport will be discussed.		Scott Ohanesian & Lindsay Belcher  Paul Ingram  Beth Gardner & Shital Bhammar
Wednesday, Apr 14	17:00 - 19:00 GMT	12:00 PM - 2:00PM ET	Sites & Systems Clinical to Commercial	Matt Pecora & Matthew Lakelin Matt Yedwabnick & Matt Pecora			
Tuesday, Apr 20	17:00 - 19:10 GMT	12:00 PM - 2:10PM ET	9:00 AM - 11:10 AM PT	Supply Chain Considerations Bio Storage Review			Scott Ohanesian & Sue Lee  Rob Jones  Scott Ohanesian
