Conrad Seoul Events Team is the receiver. Please DO NOT include the name of the individual Events Coordinator on the commercial invoice as the receiver for shipments, as this may cause shipments to be delayed in customs.

After sending your shipment, please share the tracking information (including the waybill number and the logistics company used), the type of materials being sent, the number of packages and the expected arrival date of your packages with the hotel at: Becky.mun@conradhotels.com

Conrad Seoul will not notify the shipper of receipt. The hotel will only accept delivery of prepaid shipments. They will refuse any shipment delivered C.O.D and will not make any notification to the shipper. The hotel will accept delivery of items for the event starting on 24 February 2026. Delivery times are:

Please inform couriers that all items must be delivered to the hotel storage location, as instructed by hotel staff.

Neither GCSG nor the hotel will accept any liability for equipment, goods, displays, or any other materials that fail to arrive or arrive unmarked or damaged. Each organization is responsible for insuring its own property for loss or damage.
